Forecast For Wales
Issued by Met Office Exeter
at 0400 on Tuesday 10 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly dry with some scattered showers. Rain later Wednesday.

Today:
A cloudy start with sunny spells and scattered showers breaking out across the country through the day. These will be fewer than of late, with many places staying dry. Feeling warmer. Maximum temperature 20 deg C (68 deg F).

Tonight:
Any remaining afternoon showers will fade leaving a dry night for many areas. Some clear spells with mist and fog patches developing overnight, particularly on high ground. Feeling cool. Minimum temperature 11 deg C (52 deg F).

Wednesday:
A band of cloud and rain will move eastwards throughout the day. This will turn heavy across the country during the afternoon and evening as cloud thickens. Maximum temperature 20 deg C (68 deg F).

Outlook for Thursday to Saturday:
Cloud and patchy rain moving east on Thursday. Largely dry with sunny spells and a few showers on Friday. Saturday will be cloudy with some showers during the afternoon.
